#### SOHN CONFERENCE

The Sohn Conference Foundation supports innovative initiatives to cure and treat today's public health priorities. The Foundation funds groundbreaking research, state-of-the-art technology, and programs to target cures and improve patient care. The Sohn Investment Conference honours the memory of Ira Sohn, a Wall Street professional who lost his battle with cancer at age 29. His friends and family founded The Sohn Investment Conference in New York in 1995. Since then, investment leaders from across the globe have been inspired to launch partner Sohn Conferences to bring the financial community together for charitable causes. The Conference leading hedge fund managers and alternative investors share market insights, while raising funds in support of paediatric cancer research.
